Summary

Aspiring Software Engineer skilled in **MERN** stack (MongoDB, Express.js, React.js, Node.js), **Java** and **SQL**, with hands-on experience in building web applications. **Certified in MERN full stack and Talend Data Integration**. Adept at problem solving, full-stack development and team management.

Technical Skills

Languages: Java, JavaScript (ES6+), Python, SQL

Frontend: React.js, Bootstrap, HTML, CSS

Backend: Node.js, Express.js

Databases: MongoDB, MySQL

Tools & Platforms: Git, GitHub, VS Code, Talend ETL

Others: Object Oriented Programming, Data Structures and Algorithm, REST APIs

Experience

Virtusa - Internship   Jan 2023 – June 2023

- o Gained Knowledge in **Data Integration, Migration and Validation** using Talend Open Studio.
- o Built ETL workflows using Talend Data Integration using across multiple sources.
- o Done projects on Employee management using Talend ETL.
- o Completed certification on **Talend Data Integration** and earned a **Pre Placement Offer**.

Projects

Todo List App

- o Developed an interactive **To-Do List web application** using HTML, CSS and JavaScript.
- o Implemented features for adding, editing, marking as complete and deleting tasks with data persistence using browser Local Storage.
- o Designed a **responsive** and clean UI for efficient daily task management.

Superstore Sales Management (Talend ETL, MySQL)

- o Designed ETL pipelines to process sales data using Talend Open Studio and MySQL.
- o Performed **discount-based profit comparison, return analysis and category wise product counts**.
- o Stored the processed datasets in MySQL for reporting and analytics.

Education

Accio Job   Sep 2025 – Present

MERN Full Stack Development

Sri Eshwar College of Engineering   Aug 2019 – May 2023

Bachelor of Engineering

Computer Science and Engineering   CGPA:8.91
